CORPORATE BROCHURE PROFILE

INTRODUCTION

Mahalaxmi Group of Companies is a fourth-generation business house with a rich legacy dating back to 1942.

With roots in trading and mining, the group has successfully diversified into mineral processing, transportation, warehousing, infrastructure, chemicals, and financial ventures. Over the decades, we have built a reputation for reliability, innovation, and excellence, achieving a consolidated turnover of over ₹100 Crores.

ABOUT COMPANY

We are proud to be a fourth-generation enterprise continuing the vision and values of our forefathers who laid the foundation in 1942. From humble beginnings, we have expanded into diverse industries including trading, mining, mineral processing, real estate development, transportation, financing, and warehousing.

Our legacy is built on trust, experience, and adaptability, which has enabled us to work with some of the most reputed Indian and multinational corporations. Today, Mahalaxmi Group stands as a trusted partner in growth, combining tradition with modern business practices.

PIONEER SALES AGENCIES

Established in 1942, Pioneer Sales Agencies is the oldest trading firm in Masjid Bunder, Mumbai, specializing in chemical trading.

It held exclusive selling rights for leading chemical companies including:

- Saurashtra Chemicals
- Nirma Limited
- Borax Morarji Ltd.

With decades of trust, this entity remains a cornerstone of Mahalaxmi Group's legacy.

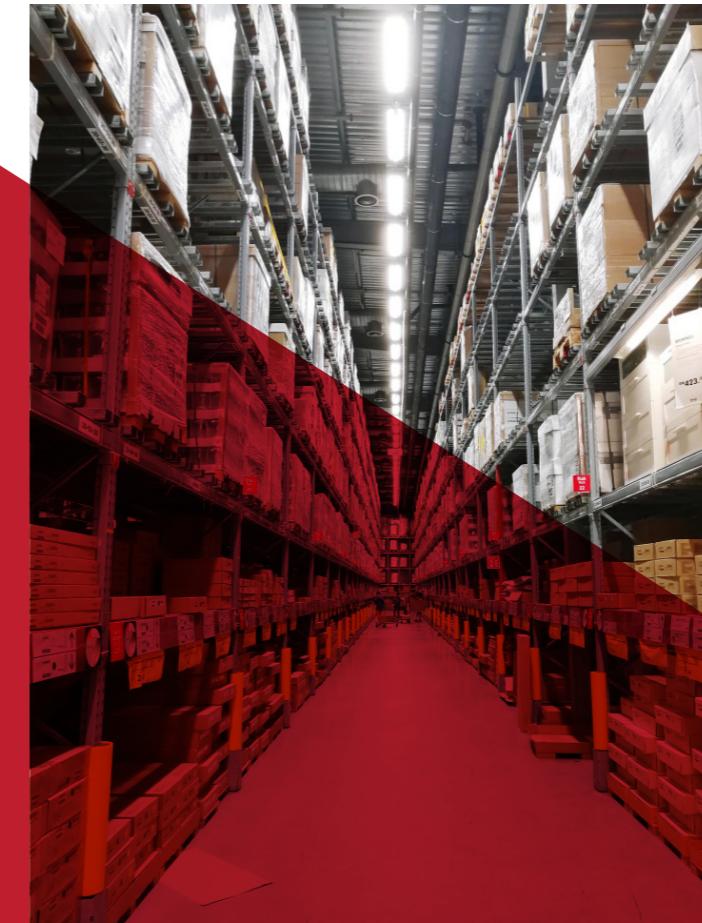

INTERNATIONAL CHEMICAL COMPANY

International Chemical Company was among the pioneers in producing Sodium Silicate at Sakinaka, Mumbai, during the 1970s. Over time, we expanded into the Ready-Mix Concrete (RMC) business in collaboration with Ashoka Buildcon Ltd., a partnership that thrived for over 12 years.

Currently, the company operates a successful Joint Venture with ACC Ltd., further strengthening our footprint in India's growing infrastructure sector.

CHIRAG WAREHOUSING CO. PVT. LTD.

Chirag Warehousing has been a trusted name in logistics and storage solutions, catering to multiple MNCs across India.

Notably, from 1983 to 2002, we were the exclusive warehousing partner for the American Embassy in Mumbai, handling sensitive and high-value requirements with precision and confidentiality.

CHIRAG MINING PVT. LTD.

Chirag Mining Pvt. Ltd. (CMPL) has successfully executed numerous mining contracts across India.

Our Work Includes:

- Mining partnerships with SESA Goa and Formento in Goa.
- Iron Ore mining projects at Chitradurga.
- Key contributions to Konkan Railway development.
- In 1993–1995, CMPL undertook mining in Mahad and played a vital role in developing Khed Station.

MAHALAXMI MILLENNIUM PVT. LTD.

Mahalaxmi Millennium began with mining and processing Silica Sand at Phonda Ghat, Maharashtra, where we operated with our own fleet of dumpers, excavators, and processing equipment.

Key Highlights:

- Supplied 4 lakh tons of sand within 2 years to the prestigious Mumbai–Ahmedabad High-Speed Rail (Bullet Train) Project.
- Supplier of aggregates and metals to ACC, Milan Infrastructure, Megha Engineering & Infrastructure Ltd., and others.
- Worked as a warehousing partner for Amazon India at Bhiwandi.
- From 1998–2014, operated one of the largest silica sand MINES AND PROCEASING plants in the region, under lease from MSMC (Maharashtra State Mining Corp.) with crushing and washing facilities.

MAHALAXM ENTERPRISES

Mahalaxmi Enterprises entered the transportation sector in December 2024 with a fleet of 10 modern 16-tyre tippers.

Our Work Includes:

- Transport contracts with Ultratech, L&T, JSW, and others.
- Collaboration with an additional 35–40 tipper owners for large-scale assignments.
- Long-term transport solutions with trusted reliability and efficiency.

MAA AMBIKA LLP

In partnership with Infra Market, Maa Ambika LLP established a high-capacity RMC Plant at Mahol, strategically serving Central, Eastern, and South Mumbai markets.

This collaboration ensures superior product quality, timely delivery, and scalable solutions for large infrastructure projects.

SHIV MINERALS

Shiv Minerals, established in 2017 at Jhagadia, is one of the largest silica sand manufacturers and processors in India.

Growth Journey:

- Started with 4,000 tons/month capacity.
- Expanded four times to reach 20,000 tons/month today.
- Specialises in silica sand for the foundry and glass industries.

Key Clients include Metso, Mahindra, Tata Motors (Telco), Sandvik, and several reputed multinational corporations.

OTHER ENTITIES

As venture capitalists, Mahalaxmi Group also undertakes strategic financial projects across industries. Depending on the opportunity and partnering expertise, we invest and support promising ventures that align with our growth vision.

CLOSING NOTE

We believe in building long-term relationships with strong organizations. With decades of experience, robust resources, and a commitment to excellence, we are confident of delivering value and fulfilling every responsibility we undertake.

Together, we aim to achieve mutual growth and success.
